

How can parents help?

- Parents must model the value of education including the importance of regular education and good attendance.
- Arrange family trips, activities and holidays during the school holidays so that children miss as little school as possible.
- Schedule doctor and dental appointments in hours either prior to school or after school. If an appointment in school hours cannot be avoided, ensure your child is in school for as much of the day as possible.
- Establish good routines at home, including good sleep patterns.
- Make sure your child understands that you do not approve of missing school.
- Contact the school if attendance is becoming a problem—we can work together to improve things.
- Take an interest in your child's school work and be actively involved in school, Parents Evenings and events.

Statistics

One day of missed school is equal to as many as 3 days of catch up for a child to learn all the missed knowledge and skills.

Persistent non-attenders (attendance score lower than 90%) on average score 15-20% lower on assessments than pupils who attend school more regularly.

The earlier a pupil begins to have attendance problems the greater the impact on achievement!

The school gates open at 8:40am.
Please ensure your child arrives promptly.

Poor punctuality at school has a negative impact on learning.

5 minutes late each day = more than 3 days of school missed.
10 minutes late each day = almost 7 days of school missed.

Why is important to attend school every day?

- Research has proven that high levels of attendance improve academic performance.
- Pupils with the highest attainment at the end of Year 6 and in GCSEs have higher rates of attendance.
- At Year 6 pupils not meeting the expected standard in reading, writing and maths had overall absence rate of 4.7% compared to 3.5% among those meeting the expected standard.
- For GCSEs in English and maths those not achieving a grade over 4 had double the absence rate as those that achieved grade 9 to 4.
- Regular attendance encourages the development of social and emotional skills that are essential for life.
- Missing learning causes anxiety for absent children and missing playtimes inhibits the development of friendships.
