

FLS Mother's Day Shop

Thank you to our amazing FLS for organising this year's Mother's Day Shop. The shop was beautifully set up and the choice of gifts was fantastic. The children thoroughly enjoyed choosing gifts for their loved ones and we hope that everyone was pleased with their surprises!

Thank you to everyone who supported the FLS Mother's Day Shop this year. This event raised a fantastic £500 which will be used to buy resources and experiences that enrich the children's education.

EYFS Scientists

As part of Science Week, EYFS had a look at lots of different experiments. They saw how water surface tension allows a sieve to hold water back. They also saw how detergent can break water tension. They were surprised that a plasma light could light up a fluorescent light bulb. They then made bubble blowers out of elder, using potato peelers to strip the bark off. They also planted cress seeds which have already germinated and started sprouting little shoots!

Year 4 Writing

Year 4 enjoyed sharing their creative writing with Year 1. They read their fantasy stories with lovely expression and the Year 1 children really enjoyed hearing all about their fantasy lands.

Red Nose Day

Thank you to everyone who donated on Red Nose Day this year. Comic Relief supports incredible projects and organisations who are making a difference for people across the UK and around the world. Collectively we raised £384.70 which is a fantastic amount. Well done Linchfield!

Year 6 Writing

Year 6 visited Year 4 to share their flashback writing based on 'The Piano'. The children are very proud of their writing, having produced beautiful, emotive pieces. They read their stories to the younger children who listened really nicely.

Homework

Linchfield pupils continue to amaze us with the fantastic homework they produce. Thank you to parents/carers for supporting your child/ren to consolidate and enhance their learning at home.

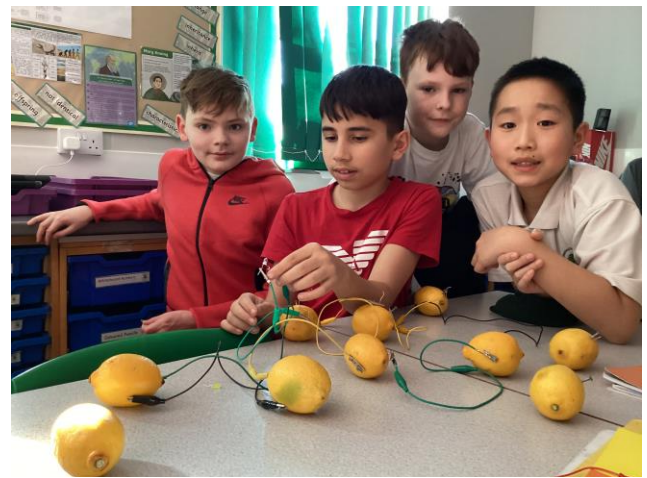

Scholastic Book Fair

Thank you to everyone who visited the Book Fair last week. Through hosting the Book Fair in school, we received £600 worth of books for school which is fantastic. Mrs Pilsworth has selected a range of fiction and non-fiction books for the children to enjoy in school. Thank you again for your support.

Year 6 Science

After learning about the invention of the battery by Alessandro Volta in 1800, Year 6 created their own batteries using lemons, nails and copper wires. They used a voltmeter to check if they had successfully created a battery. By joining the lemon batteries together, they were able to light a small LED!

Staff Carpark

Children's safety is paramount and it is always our priority. The **Staff Carpark** is for staff only and parents are kindly asked not to use this carpark at any time of the day for safety reasons.

Thank you for your support in this matter.

Staff only

Parents Evening

Staff are looking forward to meeting with you at Parents Evening this week. It is a great opportunity to discuss how your child is getting on in school and to share any successes or concerns.

Monday 18th March 2024 - 3.30pm - 5.30pm

Wednesday 20th March 2024 - 4pm - 7pm

Parents Evening

World Book Day

There was a real buzz around school as the children came in, excited in their costumes and ready for the day ahead. We started the day with parents/carers coming into school to share a book with their child/ren. Following this the Reading Ambassadors delivered a letter to every class to ask them to prepare a poem to perform in assembly at the end of the day to the whole school. During the day, the whole school engaged in a variety of reading activities and enjoyed sharing a range of books with each other.

We had some fantastic entries into the World Book Day Competition. Children created some wonderful scenes from books in a cardboard box and turned potatoes or wooden spoons into book characters. Winners from each Key Stage received a £5.00 voucher to spend at the Book Fair.

The poems performed in assembly at the end of the day were brilliant. The children were really expressive with both the words and actions they shared. It was great to see the children having fun and presenting different concepts in unique ways.

Diary Dates

Monday 18 March

Year 6 Stay Safe Workshop

Mon 18 & Wed 20 March

Parents Evening

Friday 22 March

Year 3 Spanish Day
