### Chicks in EYFS!

Children in Foundation Stage have loved the experience of watching ten eggs hatch into chicks! Children have learnt about the life cycle of a hen. The chicks have had lots of cuddles we will miss them when they go back to the farm!

### Magistrates Visit

Year 6 were recently visited by magistrates. They held a court case in the classroom with pupils acting out relevant roles within the court process and crime scene. The children learnt about the Crown Prosecution Service, how it is decided which court a case is heard in and relevant sentences. They also discussed the consequences of a criminal record.

### Buddy Bench

A HUGE THANK YOU to Lacey, Jessie & Dexter's Dad for making a Buddy Bench for the playground. The School Parliament suggested a Buddy Bench so that if children are lonely on the playground they can sit on the bench and then other children will know that they would like a friend to keep them company. Many thanks again to Mr Blundell for this very kind deed. I have already seen children enjoying the new bench at breaktimes.

### New Playground Equipment

School Parliament have bought a set of Giant Octons with the money they raised from the recent Tombola Stall that they organised. They made some amazing things with the equipment before sharing it with the rest of the school. Well done School Parliament!

## Anglian Water Visit

Anglian Water visited Years 3, 4 and 5 and provided us with lots of vital information about where our water comes from, how it is treated and the importance of looking after the freshwater that we have available. We learnt about various jobs within Anglian Water, such as engineering and found out how problem solving is a key skill in that particular job. Anglian Water shared with us facts and statistics about water usage, water cleanliness, filtration and cleaning methods, which have to happen before our water is safe to drink. We are glad to have such an important Water company keeping our water flowing, safe and clean to drink! After the talk, Year 5s were given the opportunity to put their engineering caps on and try out some problem-solving and team building. We may have some budding engineers in the making.

Thank you very much to Rebecca Jones for organising such an informative visit for the children to learn from and enjoy.

## Sports Ambassadors Assembly

Y3 took part in a Stone Age event in our forest school area ran by Mrs Conlan. The event focused upon using flint to create fires and creates roundhouses linking to our history topic and terms writing book. The event will be used as a stimulus for Y3s future instruction writing, instructing an adult to create a safe fire. Thank you to the amazing Mrs Conlan, who produced the event for free using her own resources!

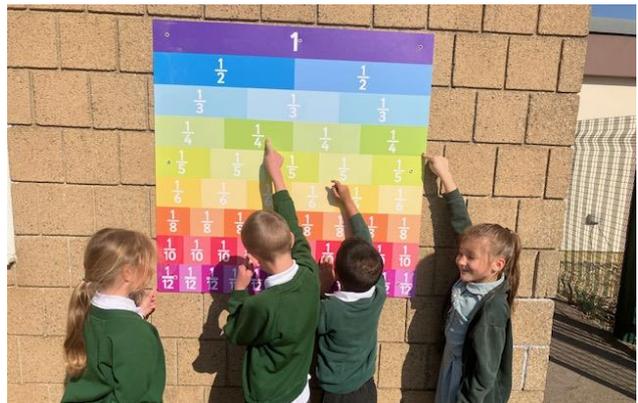

## Year 4 - Be Safe Online Video

Year 4 had a special visitor this week - Mr Lincoln who helped them to film their music video. Throughout this term, the children of year 4 have been learning a song called 'Be safe online' and have choreographed their own actions along with planning out their music video. Well done Year 4!

## New Playground Signs

Many thanks to the FLS for funding our new Playground Signs. Due to all of the fundraising that the FLS do we have been able to buy some Maths and History Playground Signs to support the children with their learning. They look amazing and the children are already making good use of them.

## The Whale Plastic Ocean

EYFS Staff organised a trip for the children to visit the ocean adventure show in Jubilee Park, The Deepings. Our Foundation Stage Children loved their trip inside a large sperm whale. They met a small turtle, a cheeky shark and a very large turtle that laid eggs.

## Mother's Day Shop

Thank you to our amazing FLS for organising this year's Mother's Day Shop. The shop was beautifully set up and the choice of gifts was fantastic. The children thoroughly enjoyed choosing gifts for their loved ones and we hope that everyone was pleased with their surprises!

Thank you to everyone who supported the FLS Mother's Day Shop this year. All money raised by the FLS is used to buy resources and experiences that enrich the children's education.

## Diary Dates

Tuesday 22 April

Monday 28 April

Thursday 24<sup>th</sup> April

Tuesday 29 April

Mon 12 - Thurs 15 May

**Friday 23 May**
